Free taster workshop

Sunday 29 November · 2pm CET · on Zoom

WHY THE BLUEPRINT

The questions behind it all

- Where do we come from?
- Who are we?
- Where are we going?
- Is there a pattern underlying everything?
- What did the ancients know that we seem to have forgotten?
- And how does it work?

People have asked these questions for as long as there have been people, and many looked for the answer in geometry: in the temples of Egypt, the schools of Greece, Leonardo's notebooks. Science, philosophy and the world's religions each tell the beginning in their own words. Here they meet on one page.

SCIENCE

About 13.8 billion years ago the universe was hot and dense; since then space itself has been expanding.

RELIGION

"Let there be light." Genesis, the Rig Veda's "That One breathed", the Kabbalah's hidden point.

PHILOSOPHY

For the Pythagoreans everything came from the Monad, the One, which made the Two.

ANCIENT CULTURES

Egypt's first mound from the dark water, Pangu's cosmic egg, fire meeting ice.

Nothing, then one, then two, then the many.

Draw your way into the questions, and find who we are, where we come from and how everything connects.

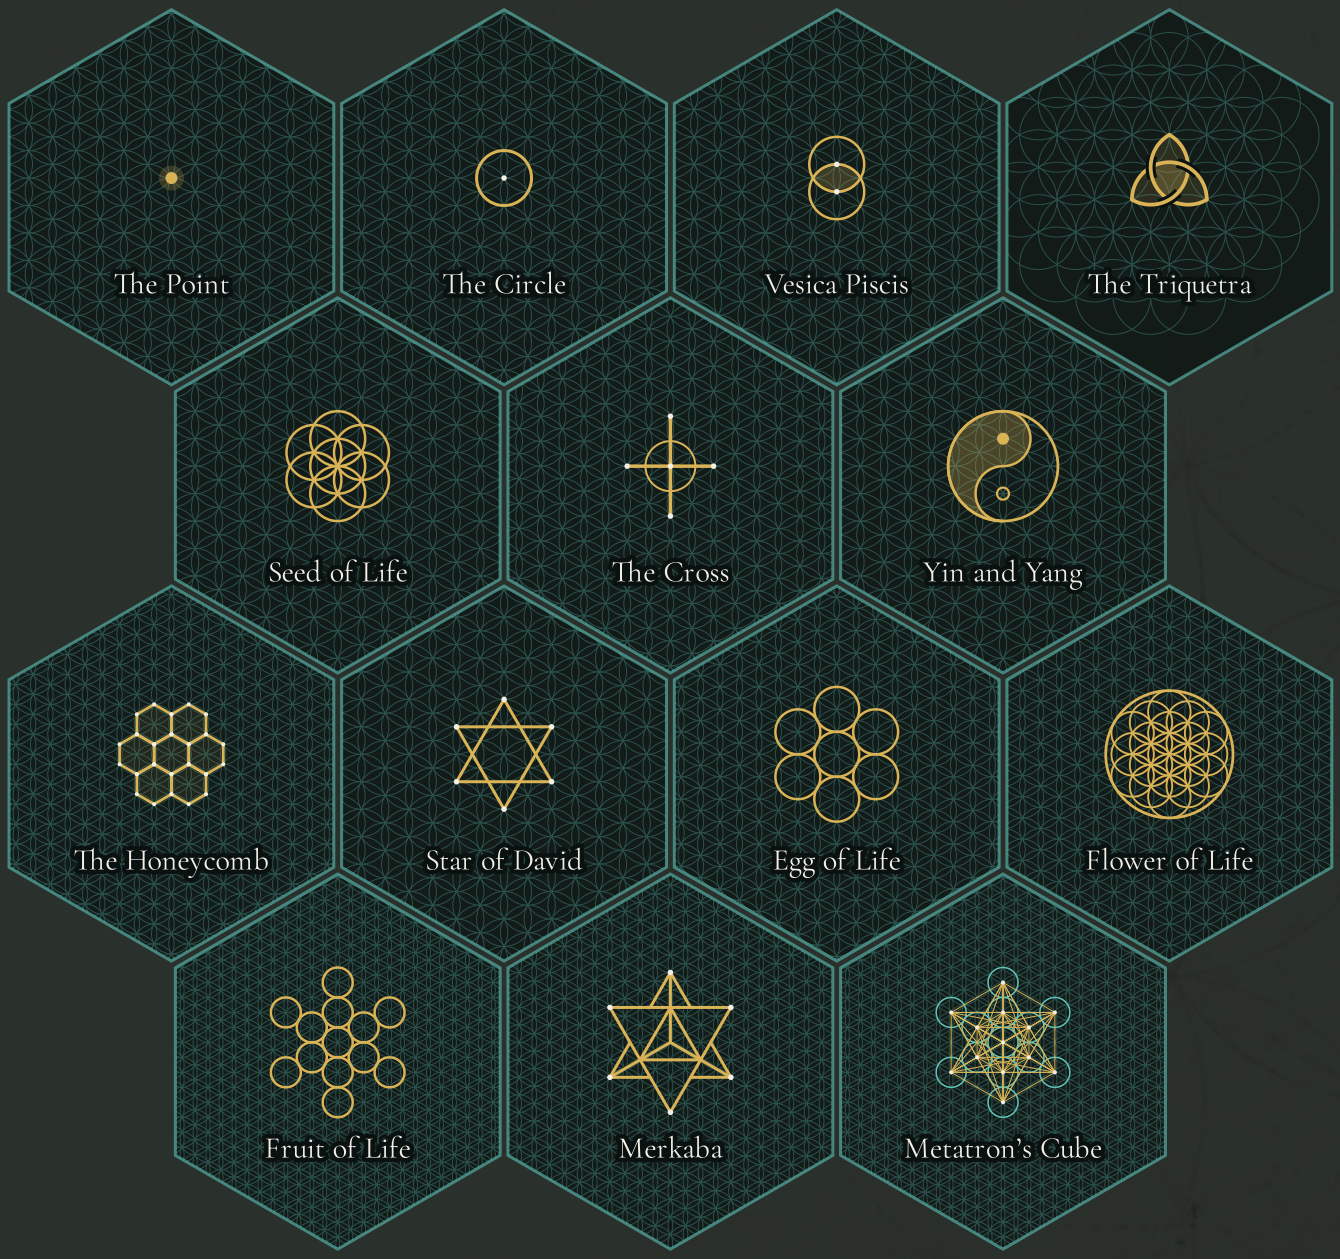
"There is geometry in the humming of the strings, there is music in the spacing of the spheres."

PYTHAGORAS

INSIDE ONE DRAWING

Everything is in the Blueprint

Circle by circle you draw the Flower of Life, and the symbols of many traditions appear inside it. Each one here is highlighted on the pattern it comes from.



Bright lines: the symbol · fine lines: the Flower of Life it lives in

And then the third dimension: the five Platonic solids wait inside Metatron's Cube. That journey continues in our Platonic Solids course.

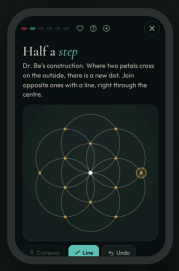
HOW THE COURSE WORKS

Four Sundays, one journey

1

Live on Sunday

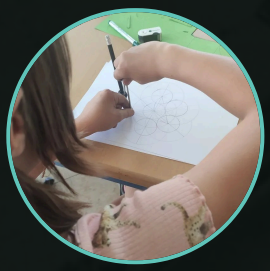
You draw together with Dr. Be on Zoom, 90 minutes, and ask your questions as you go. Every session is recorded.



2

In the app

After each live session its world opens: guided compass drawings, short questions, the recording.



3

Homework by hand

Draw it on paper with your own compass, share a photo and get personal feedback before the next Sunday.

... and again, four times: each Sunday builds on the drawing you made the week before.

SUN 6 DEC

From the Point to the Seed of Life

SUN 13 DEC

The Egg and the Flower of Life

SUN 20 DEC

The Moon Flower and the Flower of Heaven

SUN 27 DEC

Metatron's Cube and the Five Platonic Solids

LANGUAGES

The live sessions are in English, Sundays at 11am CET (10am UK).

THE APP

In four languages: English, German, French and Spanish. Switch at any time.

NO PRIOR KNOWLEDGE

It starts from zero, a single point in space. Beginners and experienced practitioners draw together.

WHAT YOU NEED

A compass, ruler, pencils, colours and paper. A full list comes when you enrol.

YOUR GUIDE

Dr. Heike Bielek · Dr. Be

Dr. Heike Bielek, Dr. Be for short, is a molecular biologist turned geometry teacher. For over a decade she has been bridging the worlds of science, art and consciousness through the language of sacred geometry.

She makes rigorous theory tangible, drawable and alive, and has taught workshops and retreats worldwide to hundreds of students.

The Blueprint is the distillation of ten years of teaching: her most essential offering.

Teacher training, Goa

Workshop, Goa

Festival, Europe

Workshop, 2019

FROM THOSE WHO HAVE DRAWN IT

"I was MIND BLOWN. I could suddenly connect the dots between subjects that always fascinated me: art, music, science, yoga and nature."

Barbara Miranda Architect

"Mixing scientific knowledge with hands-on practice, short meditations and useful applications makes everything so much more memorable."

Dr. Hugo Physicist

"Sacred geometry is not so much about knowledge as it is about contemplation. It is knowledge that has to be realised through living it."

Sunil Jakhar Mathematician

YOUR PLACE

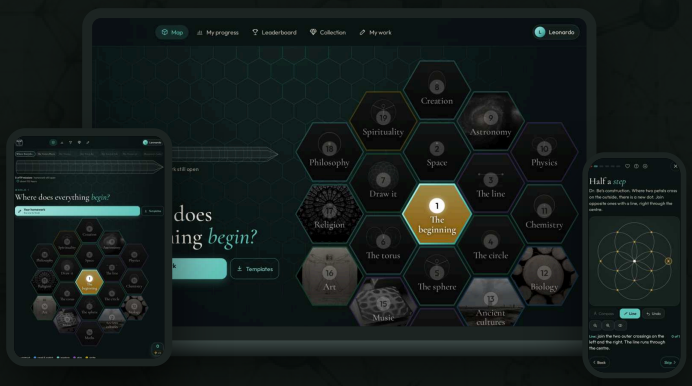
Draw the Blueprint with us

€333

early-bird until 30 November
then €444

One payment · the full course

davincischool.net/blueprint



The app on laptop, tablet and phone

EVERYTHING INCLUDED

- ✓ 4 live weekly sessions of 90 minutes, every Sunday
- ✓ Full recordings and the complete app lessons
- ✓ Weekly drawing practice with personal feedback
- ✓ WhatsApp group for guidance between sessions
- ✓ Certificate of completion
- ✓ Access to the Da Vinci School community
